

CLOVE

Melt & Pour

Soap

Here's a warm, aromatic Clove Melt & Pour Soap Recipe perfect for fall, winter, or immune-support themed collections. Clove has natural antibacterial properties and a cozy, spicy scent.

⌚ Prep: 10 minutes 🌿 Melt & Pour: 10–15 minutes 🌿 Cure: 1–2 hours

INGREDIENTS:

- 🌿 1 lb (16 oz) melt & pour soap base (goat milk, shea butter, or clear glycerin)
- 🌿 15–25 drops clove essential oil (use sparingly—it's strong!)
- 🌿 1 teaspoon carrier oil (olive oil or sweet almond oil – optional, for moisture)
- 🌿 1 teaspoon dried cloves (lightly crushed – optional for texture)
- 🌿 **Optional:** 1–2 teaspoons ground oatmeal (for gentle exfoliation)
- 🌿 **Optional:** Natural colorant (brown mica, cinnamon powder, or cocoa powder)

INSTRUCTIONS:

Cut your melt & pour base into small cubes for even melting.

Melt in a microwave-safe container in 20–30 second intervals, stirring in between, or use a double boiler.

Once fully melted (but not boiling), stir in: clove essential oil, carrier oil (if using), dried cloves or oatmeal, and colorant.

Carefully pour the mixture into soap molds.

Lightly spritz the top with rubbing alcohol to eliminate air bubbles.

Let the soap harden at room temperature for 1–2 hours.

Remove from molds and store in an airtight container or wrap to prevent sweating.

SAFETY TIPS:

Clove essential oil is potent—use at a low dilution (about 0.5–1% of total weight). Avoid use on very sensitive skin or for children under 6. Always do a patch test before full use.

OPTIONAL BLENDS:

For a richer scent, combine clove with:

- 🌿 Orange essential oil (sweet & spicy)
- 🌿 Cinnamon (extra warmth)
- 🌿 Vanilla fragrance oil
