SUPPLIES:

- ✓ Silicone coaster molds
- ✓ Epoxy resin kit
- ✓ Gloves
- ✓ Pressed lavender
- ✓ Small fern leaves
- ✓ Mixing cups
- ✓ Stir sticks

INSTRUCTIONS:

- 1 Press herbs flat for several days beforehand.
- 2 Protect your workspace with wax paper.
- 3 Mix resin according to package directions.
- 4 Pour a thin resin layer into molds.
- 5 Arrange herbs carefully with tweezers.
- 6 Slowly pour remaining resin over herbs.
- 7 Remove bubbles using a toothpick or gentle heat.
- 8 Let cure 24–48 hours.
- 9 Remove coasters from molds carefully.

TIPS:

- ✓ Work slowly to avoid bubbles.
- ✓ Use fully dried herbs to prevent discoloration.

Pro Tips for All Herbal Resin Coasters

Press herbs flat for 3–7 days before use.
Work in layers for better depth.
Use tweezers for precise placement.
Light bubbles = torch or toothpick pop.

Important!

Always use fully dried herbs to prevent clouding or discoloration in your resin.
