Herbs. Health. Healing. Naturally.

OREGANO

(Hardy, Low-Maintenance)

A hardy, flavorful herb that's easy to grow and perfect for adding rich, aromatic flavor to your favorite dishes.

GROWING TIPS

Sunlight: Full sun

Soil: Well-drained, slightly dry soil

Water: Low water needs—avoid overwatering

Planting: Grows well from cuttings or nursery plants.
Space 10–12 inches apart

Care: Thrives on neglect—too much care can reduce flavor.
Trim regularly to prevent legginess

Harvest: Best flavor just before flowering

Grow it • Use it • Love it

Simple to grow. Easy to love. Full of flavor!
