BASIC HERBAL LANTERN CRAFTING

COMMON BASES INCLUDE:

- ~ Mason jars (most popular)
- ~ Glass votives or recycled jars
- ~ Metal cans with punched designs
- ~ Paper lantern frames

PREPARE YOUR HERBS

- ~ Use dried herbs or flowers (fresh can mold or burn poorly)
- ~ Optional: lightly press or flatten flowers for better glass contact

CHOOSE COMBINATIONS FOR EFFECT:

- ~ Relaxing: lavender & chamomile
- ~ Forest glow: pine & cedar & rosemary
- ~ Warm spice: cinnamon sticks & orange peel + clove

ATTACH OR LAYER MATERIALS – DEPENDING ON STYLE:

- ~ Inside jar lantern: loosely layer herbs between glass and light
- ~ Exterior jar lantern: glue pressed herbs onto outside using decoupage glue
- ~ Hanging lantern: attach herbs to wire or paper frame

ADD LIGHTING

Place a tea light candle inside sand or a metal cup base for stability or use a battery LED candle for safety and long use

FINISH AND DISPLAY

- ~ Wrap with twine, ribbon, or wire handles
- ~ Hang outdoors or place on tables, windowsills, or patios
- ~ Light and enjoy the herbal glow effect

WHAT MAKES THEM SPECIAL

- Herbal lanterns are valued because they:
- ~ Combine aromatherapy + lighting
- ~ Use natural, often homegrown materials
- ~ Create a cozy, rustic, seasonal atmosphere
- ~ Can be customized for holidays, rituals, or décor themes

COMMON VARIATIONS

- ~ Ice herbal lanterns (herbs frozen in ice for outdoor glow)
- ~ Pressed flower glass lanterns (botanical stained-glass effect)
- ~ Herbal oil lanterns using infused oils for scent and flame light

PERFECT FOR

Home décor • Rituals • Seasonal displays
Gifts • Holidays • Everyday ambiance
